

Prexycy Quest: The First Cryptex Hunt Solution Guide

Patchwork House

When you arrive at the house, you notice that it is thrown together. The golden padlock on the porch provides some hints:

In the middle of the porch is a large golden padlock, hanging open and mounted like a trophy. (look padlock): golden padlock engraved with a brand name: LIVID.

Searching the web for **golden lock livid** leads you to the RoomEscapeArtist.com Golden Lock-In awards. (LIVID is a portmanteau of Lisa and David of RoomEscapeArtist.com and Livid Robot is the brand name of their corporate entity, appearing in the page footers on their site).

Scanning through the list of winners, you'll notice that the rooms inside in the Patchwork House all represent previous winners of Golden Lock-in awards. Map the list of years and position on the year's Golden Lock-in winners from the plaque in the Alcove to their positions in the Patchwork House and trace the path between them.
